The Agrarian Ques.in Russ at end of 19th c.
1908, p.83 "The eco. significance of nat-sition does not by any means lie where it is very often sought for. It does not lie in fight against bourgeois relationships (as Mr long ago pointed out, nationalization is one of the most consistent bourgeois measures) but in the fight against feudal relationships.... Nationalizatio. would accelerate the death of serfdom & the dev. of purely capital farming on land that has been completely cleared of medieval lumber"

V.III Character, Driving Forces & Perspectives of Rev. of 1905-7 The Agrarian Peasant Ques in Rev. 1905-7
(inc.also His Meaning of INTERNAL Party Struggle)

p.503 WTB's struggle bot. Bo. & Men is inseparably bound up with that his. it is a struggle over the ques. of supporting the liberals, over the ques. of overthrowing the hegemony of the liberals over the peasantry. Therefore to attribute our splits to the influence of the intelligentsia, to the immaturity of the prol. is childishly naive repetition of liberal fairy tales."

-p.505 "Tr distorts Bol. because he has never been able to form any definite views on the role of the prol. in the Rus.bourg.rev."

(in 1905 Tr advocated electoral agreements with cadets!)

V-VI-APRIL THESIS** Party & Peasantry on Rd.to Oct.

p.33-(ffNB)bour-dem. rev. BUT "rev.-dem.dic. of prol.&peasantry"
The Bol.slogans & ideas in General have been fully corroborated by his; but concretely things have turned out differently than anyone could have anticipated - bourg. dem. rev. influx has been complete. The rev. dev. of prop&peasantx7 has already been realised but in an extremely original form - a Marxist proceeds not from possible, but from actual (I am absolutely in favor of the Soviets of Agric.Labourers & Peasants taking possession of all the land.)

Not skipping stages, not calling for workers' state - but Soviets of Workers, Peasants, Soldiers (tenders resignation, p.232)

V-VII-i/24/18p/b may also wish to smash up state but we recognize only one road, changes from below - we wanted workers themselves to draw up, from below, the new principles of economic conditions Left Wing CHILDISHNESS & P-M mentality - The p.b. in a frenzy may also want as much. And this int eh fact. is what our rev. did bet.

IT CAN BE INTRODUCED BY TENS OF MILNS OF PEOPLE WHEN THEY HAVE LEARNT HOW TO DO EVERYTHING BY THEMSELVES... To think that we shall not be thrown back is utopia. ("On Revising Party Program & Name, 3/8/18)

V.IX-it is necessary to abolish distinction bet/country as well as distinction bet/manual & brain workers... p.433 Marx Cap. & Chrdy The formulae of genuine C-ism differ from pompous involved solemn phrasemongering of the Kautsky's, the Mensheviks & the SRS & their beloved brethren of Berne in that they reduce everything to the conditions of labor!

there is no doubt about the rev. democratic nature of this (new) movement
