WHAT IS PHILOSOPHY & REVOLUTION? IDEA WHOSE TIME HAS COME? Portugal, 1975 Portugal is an entirely different case. It is entirely different, but it has one advantage that none of the others havethe philosophic maturity of the age. Thuc the Three Mariai came before even April 1974 much less 1975. Thue, the no-called furthest left, the Communists, exposed threselves earledst precisely on this question as they attacked the Women's Liberationist. Thus, when the movement did move from overthrown to see whether you could have a total revolution, it is impossible for anyone to think it will be total unless it does include Womens Liberation. WHAT THEN IS THE UNDERLYING PHILOSOPHY THAT NEW CONTINENT OF THOUGHT NARX FIRST DISCOVERED IN 1844 IN LIGHT OF WL AS IDEA WHOSE TIME HAS COME three after we have witnesses COUNTER-revolutions, aborted ones, 50 yrs.of thoeoretical void & TOTALITY OF CIRSES NOW EMBRACING US?
