EMPLOYERS AND THEIR CLERKS.

OF

INDUSTRY.

At the late Anniversary of the "Bene-Fraternity of Churches" (Unitarian) in <sup>43</sup> Fraternity of Charches<sup>44</sup> (Unitariam) in this (rity, *ifr.*, Park) one of the speakers, introduc-<sup>56</sup> ed the claims-of young men employed in our counting-houses, storids and shous. We re-<sup>27</sup> grad the interest of this class as of far more importance thin they are generally allowed Jo receive; and would cordially second/any mea-sures designed to improve 'employers' with a sense of responsibility, and to infuse into the voung men a feor of moral contamination and young men a fear of moral contamination, and of character. Mr. P., as we learn from the report in the Christian World, spoke as fol-

lows — Ex. A host of yoing men he said had come into our large cities from the country. They had been educated thus far away 'from the temptations of the city. They have veceived the moral culture of a parent's fond instruc-tions, they had received the religious prin-ciples instilled into their minds in the village church and Sunday school-and at length had been entrusted by their parents to the care of some merchant, tradesman, or master mecha ic, believing in confidence that it was no legal

ic, believing in confidence that it was no legal fiction but a syncer reality that the employer was to stand in the place of a parent. His attention had been powerfully called to this subject by an incident in his profession. A young man thus from the country had been but a few modulis in whis city, employed in an eminent merepathle house, and boarding at a. The layer clause was inserted from a vage asspicion that the regue had taken up hadded in New York. The quite the loggue if has bould call, but is request the latter to leave data datases, the perment. In a should three result of base perment. The tailor load mat of the result of base perment. The failer load is a structure of the source of the sour

While narrating this incident to a class of young men who had met with Mr. P. for some months dethe Warren Street Chapel on a Sabbath hone, he had enquired of them each how they had spent the evenings of the week, and had found and commented upon this fact, that those who had spent the most of their evenings at home, in the boson of their families, had spent thir other évenings in the best parants. Upon this occasion, one of the young gentlemen had repiled, "But, sir, we have no homes, our boarding houses are not homes."

homes." What responsibility then is assumed by em-ployers! What duties do they daily neglect! The father who has daily watched the expandthe shot started, but by this time the disappeared and is no more seen who no a sort of easilon, and the panete throwing their little array of a the easile side of the little one, that have been as the second starter in the second starter who has mence throwing their little present the night bring honor to her instructions, when as here as the second starter is a light is add and informed to the instructions, when we have as the second starter is a second and and informed to the instructions, when as here as the second starter is a second and and informed to the instructions, when the second starter is a second starter prayed at the cradle-side of her little one, that he might bring honor to her instructions, when she is old and infirm; both have trusted to an-other's care the richest treasure which a bon-reficent God has given them's-the 'purity of an
