PAST SENTIMENTS FOR PRESENT CONSUMPTION.

CONSUMPTION. REFURICS.—In republies the sovereign power, or the power over which there is no control, and which controls all others, remains where nature placed it, in the people. In a country under a daspoil form of Govern-ment the Sovereign is the only free man in it. Is a republic the people retaining the sover-eignty thenselves, naturally and mecessarily retain freedom with it: for wheresover the overeignty is, there must the freedom bes the one cannot be in one place, and the other in another.—Paine.

not guided by these, it may be quite contrary —Dr. Bowring.

Was — One of the most evil consequences of war is, that it tends to render the hearts of markind callous to the feelings and senti-ments of houranity. When we daily hear of the measures of such numbers of individu-als that memory cannot even recollect their amets, when we contemplate the alarghters at Lyons, at Marseiller, at Hourdeux, at Toulen it the effect must be injurious to the morals of Europe.—Foz.

DUTY OF PARENTS.—The sacred books of the Ancient Persians say if you would be ho-ly instruct your childred, because all the good acis they perform will be imputed to you.— Montesquieu.

Custom is the plague of wise men, and the idel of fools, $\rightarrow Anon$.

Love and peace are special messengers from beaven; hatred and war are emissaries from hell.

The greatest of all faults is to believe we have none.

Content can soothe, where'er by Fortune placed, Can rear a garden in a desert waste. [White

Can erra graden a observation. [White-A MOTHEN'S LOVA.—Derhaps there is no principle in the human boson, where 's requir-its or great and whose power of enderate so touching and affecting, as a mother's love. In the 'Lights and Shadows of Scotth ih firs', there is a story to this effect: One day one of the giganit acagies of Scotthan, Carried away an infant which was alseping by the friends in his mother's cottage. The whole withgen ran after it; but the tagle soon perched iself upon the loftist service, and severy one dasphar-ed of the child's being recovered. A sailor tried to climb the assent: but his strong limbs rembiled, and he was at lat oblighed to give up. tripa to elimb the ascent but has strong jumb trembled, and he was at late oblighed to give, and the attempt. A strong Highlander, secondom ed to elimb the bills, tried next, and even ha limbs gave way; and he was, in fact, precipi tated to the bottom. But at last a poor peas and women came forward. She pather he first on the shell of the rock, then on a second t on the shell of the rock, then on a second, I then on a third; and in this meaner, amid trembling hearts of all who were looking a he rose to the very top of the cliff; and at t, while the breasts of those below were she came down step, by step, shouts of the villagers, she sto nd the shouts of the villagers, she atom at a bottom of the rock, with the child in her soon. Why did that woman succeed, when s atomg sailor and the practiced Highland-had failed? Why, there was a tie between at woman and the babe--tlat woman was a mother of the babe.--[Rev. Dr. Gumming.
